Saiquan, I looked up Jahlil Taylor's case. He pled to count one of the indictment, same as you. He has not been sentenced yet. His PSR is private, so no one would have access to it.

Everything I stated regarding the objections is accurate.

The Judge has opposed bail 4 times, this was pre- conviction. The Court is not going to grant bail after you've pled.

I have no reason to lie to you about anything I've ever said. Everything I have done has been to help you. Because you don't agree with what I'm telling you doesn't mean that I'm wrong.

But clearly there is a communication issue with us where everything I tell you, you say that I'm wrong, or you don't believe me. I will inform the Court's chambers about your request for a litigator and new attorney, and once they receive a letter from you they will schedule a court date to address your complaints.

on July 12, 2021 SAIQUAN ROBINSON pleaded guilty as charged meaning I plead guilty to the felon in possession nothing else and also stated without the benefit of a plea agreement, before the honorable Kimba M. Wood. Now to my understanding the government provided the Pimentel letter to the PSR so they can make it seem bad and you going along right with them and that's on page 3 I told you to object to also page 4 and 5 where they saying I'm in a gang is wrong and the police report is wrong also there's no victim impact statement or adjustment for obstruction of justice now on page 6 it says this

#19 Specific offense characteristics:none
#20 victim related adjustment:none
#21 Adjustment for role in the offense:none
#22 Adjustment for obstruction of justice:none
#23 Adjusted offense level (subtotal):33
#24 CHAPTER FOUR ENHANCEMENT:NONE

so let me get this straight you ain't objecting to this Pimentel letter which is basically tryna add enhancements and there's no enhancements my guidelines should be at #18 30-37 months thank you and I'm gone send you cases also to look up thank you
